RE Sign at Aurora Medical Center
1444 S. Potomac St.
Aurora, CO

Mike,

I have reviewed the construction of a footing for a sign at the above project.

The construction appears to be in reasonable agreement with the structural drawings issued under my seal.

Regards,

Benjamin Jones, PE

RE Sign at Aurora Medical Center
1444 S. Potomac St.
Aurora, CO

Mike,

I have reviewed the construction and installation of a sign for Aurora Medical Center.

During installation the column connections were modified due to dimensional errors in the masonry base. The as-built connections are attached and I feel they are adequate for the loads on this sign.

Regards,

Benjamin Jones, PE
